

GENERAL PURPOSE GAUGES

Series P-570 Low Cost Utility Gauges for the OEM

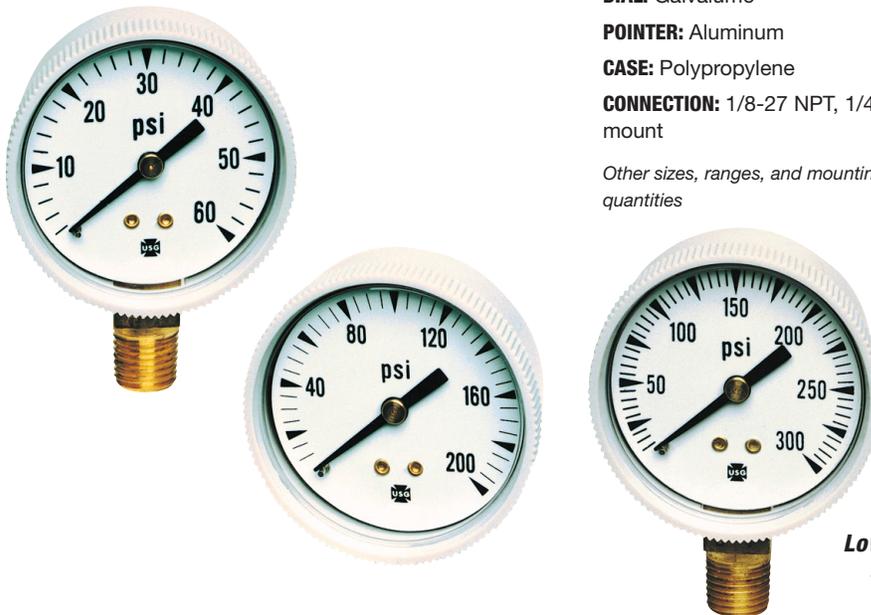

DESCRIPTION

U.S. Gauge P-570 utility gauges provide economical, reliable service in a wide range of applications including pumps, compressors, and other equipment. Series P-570 utility gauges come in ranges of: 0-30 through 0-300 psi, with accuracy of $\pm 3-2-3\%$ of span. Gauges are available in 2" polypropylene cases with 1/8-27 or 1/4-18 NPT center-back or lower mount connections.
